Miss Wilderer was walking home after attending a patient. Near Manhattan avenue and One Hundred and Sixth street, an Italian accosted her. Miss Wilderer screamed for help, and the Italian fled.

Policemen heard her cries and gave chase. The Italian ran to Central park, and the policemen fired a volley of shots after the fleeing man, who leaped the park wall and hid under a clump of bushes. He was dragged out by the police and later identified by Miss Wilderer, who, despite the fact that she had been half strangled and badly beaten about the face, had given chase to her assailant with the police.

Daurio declared that he was innocent.

BILLIARDS IN CHURCH.

Unique View Taken by a Pennsylvania Pastor.

Pittsburg, Aug. 7.—"I would just as soon hear the click of billiard balls in a church as the reading of the Bible, providing it won a man to the cause of Christianity," declared the Rev. Dr. Maurice P. Finles, pastor of the First Baptist church, of Franklin, Pa., Monday night. His church is the wealthies in the oil region of this state and has one of the largest congregations in Venango county.

Dr. Finles, who has just returned from a trip around the world, was telling of his visit to a church that has club features for men and women.

"The church that would win men these days must be up and doing," continued Dr. Finles, "and while I do not hold that it must offer them all the pleasures the world does, it must give them those which do not run counter to Christianity. I know the idea of a billiard room on church property will shock some deacons, but they must come to it, or their church will lose its position."

Attempt to Wreck Train.

Hiram, O., Aug. 7.—An attempt was made Monday night to wreck the Pittsburg Flyer, No. 23, on the Erie road. Between this place and Garrettsville, a trunk of a tree was dragged to the track and chained to the tracks. Section men discovered the obstruction and sent in an alarm.

Cat's Bite Caused Rabies.

Waco, Tex., Aug. 7.—After suffering terrible agonies for three days, Ruby Morgan, the 7-year-old daughter of W. R. Morgan, is dead from hydrophobia. The child was bitten last week on the toe by a cat.

STRANGLED HER BABES.

Woman Actuated by Madness Thought To Have Been Cured.

[illegible] Monday.

[illegible] her little daughter, Mary, [illegible] twelve [illegible] and 3 years, playing on the street, she put the [illegible] of her children, a year and [illegible] old, in its carriage and took it to a near's park. Just what happened there is not known.

When the mother returned the little one in the carriage was covered with leaves and small branches, but a neighbor noticed that its face was strangely pale. Mrs. Nenadal took both of the children into the house, and carefully closed all the doors and windows. A little later she went for a friend, Mrs. Victoria Vala, and asked her to come and assist in dressing the children. Returning, the two women entered the dining room of the Nenadal home, and there lying on the table, Mrs. Vala was horrified to find the naked bodies of the two children, both having been strangled by their mother. The latter, when the police were summoned, fondled the little bodies and gave them up only when forced to do so.

As she sits in her cell at the police station Mrs. Nenadal is being constantly watched, lest she renew an attempt at self-destruction, which she made some time ago.

She has twice been confined in an asylum, once having been discharged as practically cured, and the last time having been taken from the institution by her husband against the protests of the physicians in charge.

FIGHT OVER MAN'S BODY.

One State Holds One Half and Another the Other Half.

El Paso, Tex., Aug. 7.—One half of a man's body held by the authorities of one state and the other half held by another state and each state refusing to give up that part it holds, is the situation now existing in Mexico.

Miguel Martinez, a Mexican Central brakeman, went to sleep under one of the cars of his train while it was on a siding at Espirus Santo, Zacatecas. The train started up and cut him squarely in two at the belt. Half the body rolled to the side of the track and the other half, becoming entangled in the brake beam, was carried to Salina, San Luis Potosi.

The coroner in each state took possession of half the body and each refuses to turn that part it has over to the other. No official investigation can proceed until a whole corpse is had as a basis, hence the authorities are at sword's points and the relatives of the dead man are unable to do anything.

SAVES PATIENT; LOSES OWN LIFE

Well Known Surgeon of Illinois Sacrifice to His Profession.

Elgin, Ills., Aug. 7.—Dr. Leonard S. Taylor, one of the most successful surgeons of the west, died Monday, a sacrifice to his profession.

In May he performed an operation which saved his patient's life, but which has resulted in the loss of his own life.

In sewing up a wound after an operation for necrosis, Dr. Taylor pierced his thumb with the needle. He applied the usual remedy, but the poison entered the blood and his whole body was affected.

Dr. Taylor was forty years old. He is survived by his widow and three children.

Gov. Smith Attaches Signature to the Document.

IT NOW BECOMES A LAW

Last Stage of Long and Exciting Contest Has Reached Its Conclusion. State Prohibition Will be Effective January 1, 1908.

Atlanta, August 7.—The prohibition bill has become a law.

Governor Hoke Smith, Tuesday morning, in the presence of a large and interesting throng, affixed his signature to the measure, which will place it upon the statute books as a law of the state.

Governor Smith had announced that he would sign the bill in public and the reception room was crowded at 10:30 o'clock, the hour appointed.

The bill that was signed by the governor is known as the Hardman-Covington—Neel bill, and makes prohibition effective January 1, 1908.

LAST ROAD YIELDS.

Louisville and Nashville Will Obey Cheap Rate Law.

Raleigh, N. C., Aug. 7.—Governor Glenn Monday received a telegram from the authorities of the Louisville and Nashville road saying that they would put the state 2½ cent rate into effect on the 8th of August.

This is the last road to surrender to the state laws, and on the 8th of August all the roads in North Carolina above 60 miles long will be using the state rate. The L. and N. has only 13 miles of trackage in North Carolina, extending from the Georgia line to Murphy, in Cherokee county, but the North Carolina corporation commission rules that it is controlled by the Atlantic Coast Line and does not come in the class of independently owned and operated railroads under sixty miles, which are exempted from the 2½-cent rate.

NEW YORK'S DEATH RATE.

Infant Mortality Shows an Increase Over Last Year.

New York, Aug. 7.—New York's death rate for the last two weeks is 3,653 against 2,397 for the fourteen days ended Aug. 3, 1906.

In the seven days ended last Saturday, there were 1,804 deaths in the boroughs, 1,053 of which were of children under five years of age. In the corresponding week of 1906 but 1,156 children under five years died.

Dr. Guilfoy, of the board of health, in commenting on the increase in infant mortality in New York says improper feeding of infants by mothers was to blame.

"We have been trying to teach the mothers in the poorer sections of the city not to feed their infants meats and unripe fruit in the summer time," he said.

Annual Regatta.

Philadelphia, Aug. 7.—Oarsmen from widely different points have arrived here for the annual regatta of the National association of amateur oarsmen, which will be held on the Schuylkill river Friday and Saturday. Among those here are Waldemar Sands, a sculler from Berlin, Germany, J. M. Gleason, Jr., and James J. Woulfe, of New Orleans, the senior four-oared crew of the Mound City Rowing Club, St. Louis, and a delegation from Halifax, N. S.

Sensational Suicide.

Antwerp, Aug. 7.—A sensational suicide has occurred here. M. Jacques Simon, a silk merchant, in the presence of a crowd that thronged Cathedral square, jumped from the second gallery of the Cathedral tower to the floor, a distance of more than 200 feet. Death was instantaneous.

They will stop at every station on the division investigating its accommodations, cleanliness and furnishings. No preliminary notice was given station keepers and the officials will find conditions as they exist.

Dispensary Across the River.

Augusta, Ga., Aug. 6.—It is generally reported that secret arrangements are being made to establish a dispensary in North Augusta, just across the river, in South Carolina, from the city of Augusta, which will be "dry" when prohibition goes into effect on January 1, 1908. In anticipation of such a movment a number of the leading citizens of North Augusta are preparing to wage a determined fight against the opening of the dispensary. Not that they want prohibition, but they do not want a dispensary.

Increased Tax Returns.

Macon, Ga., Aug. 7.—Tax digests completed for the county of Bibb show returns upon assessed property for the present year reaching $23,**7,510. This is an increase in property value of more than $1,500,000 over the returns of last year. Acting Tax Receiver Sam Hunter finds the assessments made upon a sound basis and the claim is that the property increase is of the kind that will prove healthy and firm.

Posse Killed McCoy.

Lexington, Ky., Aug. 7.—A special from Pound Gap, Va., says that the sheriff's posse who went to arrest James McCoy, who, since he was charged with beating and fatally injuring his mother-in-law, has been hiding in the Cumberland mountains, found McCoy and killed him. London, Aug. 7.—James Cauham, of Fairfax avenue, Withamstow, who for many years had been a teetotaler, was drowned on Saturday in a vat of beer. He was employed at an East End brewery, and was standing on a ladder against the vat, keeping down the froth on a quantity of fermented stout. Suddenly he was missed, and after a search his body was found floating in the stout. The contents of the vat, which are valued at $1,000, are to be run off as waste.

Cannot [illegible] Texas Trains.

Palestine, Tex., Aug. 7.—The first arrest and conviction under the law making it a misdemeanor to drink liquor on a train in this state, was made Saturday, when a white man was fined $10 for committing the offense. The man was coming in on the southbound train, and when a short distance out of Palestine he took a drink out of a bottle he had in his pocket. While he was drinking, a state ranger, who happened to be on the same car, placed him under arrest.

BIG GUNS OPEN FIRE

Casa Blanca Is Bombarded by French Cruiser.

MANY LIVES REPORTED LOST

Moorish Quarter of the City a Target for Big Shells Hurled From French and Spanish Warships, and any Tribesmen Killed.

Tangier, Aug. 7.—The French cruiser Galilee was bombarding the Moorish quarter of Casa Blanca and the neighborhood of the city when the last steamer, which has just arrived here left that port.

The Kabyles attacked Casa Blanca and the Moorish authorities applied to the commander of the Galilee for assistance. He thereupon landed 60 men and a Spanish cruiser landed 40. This landing party was fired on by the Kabyles, and seven Frenchmen, including an officer, were wounded.

The combined Franco-Spanish force thereupon cleared the city of hostile tribesmen, guards were placed about the foreign consulates and then the Galilee opened fire with her big guns on the rebels.

London, Aug. 7.—A special dispatch received here from Tangier, describing the bombardment of Casa Blanca, says that the French cruiser Du Chayla and the Spanish gunboat Don Alvardo de Bazan, participated with the Galilee in the bombardment of the villages surrounding Casa Blanca, which were destroyed by the fire from the warships. ?

During the bombardment large reinforcements of tribesmen came up and many of them were killed or wounded. ?

The Casa Blanca battery joined in the firing on the foreign warships, whereupon the guns of the French and Spanish cruisers were turned on the battery which soon caused the Moorish commander to send a messenger to the French consul.

SAILOR STRANGELY MISSING.

Has Marine of Battleship Georgia Met With Foul Play?

New York, Aug. 7.—Henry Francis Lynch, a United States marine of the battleship Georgia, lying at anchor in the Hudson river, is strangely missing from his ship.

The ship's officers say Lynch toppled over the side of the ship while hanging a light on Saturday night. Daniel Lynch, father of the missing or drowned sailor, believed that his son, who was to have been a witness in the investigation of the explosion in the gun turret on the Georgia, has met with foul play, and has asked the police to investigate.

It is learned from the officers of the Georgia that following the explosion Lynch, who was only 19 years of age, went on a furlough and Captain McCrea ordered him to report on Saturday. Lynch reported, and after he was on ship he was missing.

A lantern he was to hang on a yard arm was found floating in the water.

Many Delegates Present.

St. Paul, Minn., Aug. 7.—More than 200 delegates were present at the opening session of the eighteenth annual convention of the Catholic International Order of Foresters which began here Tuesday. Much of the time of the meetings will be devoted to a discussion of the advisability of raising the insurance rates. A committee appointed at the last meeting to investigate the matter will report. It seems to be the concensus of opinion that a recommendation will be made to raise the rates to conform to the fraternity tables of other orders.

MR. ROGERS HERE.

Declares Alachua County Best Material for the Building of Roads.

Among the prominent visitors to this city Wednesday was Allen Rogers, formerly of Ocala but for the past three or four years residing in Jacksonville.

Mr. Rogers is an expert road builder, because he has made a special study of road building for the past fifteen or twenty years. He is now out inspecting road building material for the Board of County Commissioners of Duval county, and has just made an inspection of the material in the vicinity of Lake Butler.

In speaking of the road building material of the State, Mr. Rogers states that there is none better than the flint rock found in Alachua county. It is not only firm, but very durable, and will last for centuries when properly spread and worked. He secured a sample of the material, which abounds within a few miles of Gainesville in great quantities, and will submit the same to the commissioners of Duval county.

Mr. Rogers states that road building is progressing nicely in Duval county.

COMPLIMENT TO M'BEATH.

Has Been Tendered Position as Principal of Miami School.

Prof. Tom McBeath, principal of the Gainesville Graded and High School, editor of The Florida School Exponent, and one of the most widely-known educators in the State, has been tendered the position of principal of the Miami high school, which is one of the best schools in the State.

Prof. McBeath greatly appreciates the honor bestowed upon him in the tendering of this position, but inasmuch as he owns a magnificent home here and his family have resided here virtually for their life time, he feels it much better and more satisfactory to remain in Gainesville. This will also be gratifying information to Prof. McBeath's numerous friends here, all of whom would regret to lose his professional services and the association of his excellent family.

Sympathy for Mr. Fletcher.

The information of the burning of the kitchen, with all contents, of D. E. Fletcher, which occurred at Trenton Sunday night, was received here with a great deal of regret, as Mr. Fletcher has many friends in this city.

The information came through the correspondent of The Sun, who states that everything was lost in the kitchen, and it was only with the vigorous efforts of Mr. and Mrs. Fletcher that the home was saved.

Mr. Fletcher Lost Kitchen and Contents by Fire—Other Notes.

[illegible] The [illegible] [illegible] [illegible] [illegible] was shopping here Saturday. Report [illegible] saved in good condition and [illegible] in this section. Cotton not doing well, shedding fruit badly.

The school, under the management of Prof. Freeman was doing fine, but his sickness caused a standoff last week. Miss Crosby will take charge and we are confident will keep the school up to date.

W. J. Ward is now in charge of the railroad section here. He is paying hands every Saturday night and has a full crew on duty.

Miss Henrietta Dyess, one of the most popular and progressive of the West End, was visiting here Saturday, a guest of Mrs. S. O. Barron.

Miss Clara Thomas another of the "out-of-town" teachers, was visiting her sister, Miss Ava, Saturday. From all reports everyone in that section is well pleased with Miss Clara as a teacher.

All who attended the social at the home of Mr. and Mrs. Fate Parryman last Saturday evening, report having had a very pleasant time.

Daniel Fletcher's kitchen and contents was consumed by fire Sunday night. By active effort of Mr. and Mrs. Fletcher, they saved their dwelling, it being connected by veranda roof. Cause unknown.

LIGHTNING CAUSES DAMAGE.

Struck the Old Reese House Near Arredondo, Demolishing Place.

J. G. Beville of Arredondo was trading in the city Tuesday.

Mr. Beville states that the farmers of his section have been visited by an abundance of rain recently, and that the soil is now sufficiently saturated for all agricultural purposes, and if the rains continue the conditions may prove detrimental to the crops. He states that there was a severe storm there Sunday afternoon, during which the lightning struck the old house known as the Reese house, almost demolishing it. Fortunately there was no one living in the place at the time.

THE REBATE.

The rebate, says The Wall Street Journal, was at one time regarded as only the wholesome thing of transportation. It was thought to be right and economically that the shippers should get a lower rate of transportation than the small shipper. Even when doubts began to [illegible] as to the soundness of the principle, the rebate was still held to be right, at least in certain cases and under given conditions. Now the rebates have become [illegible] and our great oil company [illegible] $29,000,000 for accepting them.

The overthrow of the rebate is unquestionably in the line of progress. [illegible] it may have in the aggregate been right and wrong. [illegible] the rebate is [illegible] of socialism. It [illegible] by giving the [illegible] such advantages [illegible] discriminated [illegible] business. With the [illegible] competition, there [illegible], and private monopoly [illegible] leads to public ownership.

Only the other day, says The New York Herald, we have witnessed [illegible] for all sorts of things, but we have never seen before having heard [illegible] strike for a longer day [illegible] hours. The Italian, Spanish [illegible] laborers on the Panama canal want a nine-hour day and demand that they shall be allowed to rest on Sunday. They do not ask [illegible] per hour, but for more [illegible] in which to earn pay. However, there has come a change over [illegible] laborers in the last few years that speaks volumes for the [illegible] management as well as for [illegible] which has been [illegible] by the enemies of more or less [illegible] in that management. The reports from the Culebra [illegible] last month show about one-[illegible] more excavation than during the [illegible] of June. There was also an [illegible] in the amount of dredging done. Chief Engineer Goethals evidently is not to be led by the excuse of a holiday into stopping of the work, and recently declined to allow the [illegible] workers to celebrate their [illegible] holiday by knocking off on their job. It looks very much as if the Panama canal may be completed within the limits of the time [illegible] by the officials of the administration.

The Albuquerque, New Mexico, Journal says that years ago it urged reclamation of arid lands by the Government. This proposal, fifteen years ago, was regarded as very rash, almost socialistic—paternalistic, at least; but now, it says, "that work is looked upon as a function of the Government at Washington just as much as the carrying of the mails. The world does move." Government exists to do the things the people want it to do. It is conditions, rather than theories, in which the people are most interested. If Government can reclaim a desert, preserve forests for wise use and prevent floods, while individuals and corporations cannot, or will not, do these things, then the people will use the Government to accomplish these ends.

J. W. DANIEL OF VIRGINIA.

Among the Southern Democrats who have been mentioned in connection with the Presidency none is more conspicuous than John Warwick Daniel, the senior Senator from Virginia. He was born at Lynchburg, September 5, 1842, and is of English descent. Senator Daniel was educated at Dr. Gessner Harrison's University school and Lynchburg College. He left school in May, 1861, to enter the provisional army of Virginia, as second lieutenant and drill master. He held several offices in the Confederate army, and was in 1864 chief of staff to General Early. He was wounded three times in battle, the last time being seriously crippled in the great Wilderness fight in May, 1864. After this he returned home and began the study of law in the office of his father. In 1865-66 he attended the law school of the University of Virginia, and being admitted to the bar practiced his profession with his father until 1873, when the latter died. Senator Daniel has written two standard law books—"Daniel on Negotiable Instruments," and "Daniel on Attachments," and has received the degree of L. L. D. from the University of Michigan and Washington and Lee University. He has served in both branches of the Virginia Legislature, and has been five times a delegate to National Democratic Convention; once a Democratic elector; once the Democratic candidate for Governor of Virginia; a member of the House of Representatives of the United States in the 49th Congress. He succeeded William Mahone as United States Senator from Virginia in 1887, and has held that position for more than twenty years. It is Daniel's record as a Senator that attracts attention to him as an available Democratic standard-bearer. He has stood alongside of such men as Hoar and Morgan in the Upper House of Congress. Gifted, scholarly, courageous, courteous, honorable and industrious, he has been a model senator. A regular Democrat at all times, he has been a champion of State rights, taxation for revenue only, and strict adherence to the letter and spirit of the constitution. He opposed the ratification of the Spanish treaty, believing that the Philippines would be a curse instead of an advantage to the United States. He has sternly frowned on Government ownership of railroads and does not favor the initiative and referendum in Federal legislation. He has opposed "government by injunction" and has favored strict Federal control of corporations engaged in interstate commerce. The South has no stronger man in public life today than John W. Daniel.

No human is a greater curse than the open-eared dupe who slips around the home and then whispers the story from house to house as though he has but one bosom friend in all the world. Dr. Talmage declared that when St. Paul made his list of the world's villainies he put the whisperer at the very center.

Money for Condemned Man.

Harrisburg, Pa., Aug. 7.—Jacob Stehman, under sentence of death in the Dauphin county prison, has been notified that $800 of back pension money due his deceased father, had been awarded to him by the United States government. The man had not a cent for his defense when arraigned and convicted for wife murder, and the court had to assign a lawyer to look out for him. Stehman will now make an effort to get his case before the board of pardons.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

PROHIBITION AND PERSONAL LIBERTY

By John B. Finch.

Prohibition no more prohibits the use of intoxicating liquors than the statute prohibits the use of adulterated foods.

If you want to eat diseased meat you injure yourself and indirectly society, but if you sell the meat the sale is a social act, you injure another, and society interferes to protect its units from imposition and injury. Trade being a social institution, society has a right to destroy it if its effects are deleterious. Use is an individual matter over which society has no control as long as the individual does not injure it by the practice.

Society will never undertake to say that an individual shall not read obscene literature, but it does say individuals shall not print and circulate such literature, to corrupt the elements of which society is composed thereby endangering its life, prosperity, usefulness and peace. Self-preservation is the first law of life with States as well as individuals. The State must guard against those social diseases that tend to break down its system, or it will die.

This question of the prohibition of the alcoholic liquor traffic is in no sense a question of individual abstinence any more than the prohibition of the sale of bad beef is a question of the prohibition of eating it, or the prohibition of stale milk a question of drinking it. The one implies the protection extended by a State to society as a whole, the other implies the individual action based on a man's judgment.

The theory of the prohibitionist is that it is the duty of the State to make it as easy as possible to do right, and just as difficult to do wrong; that it is the duty of the State to make the road up to manhood and honor as smooth as possible; to plant along the side of the road its flowers of hope, of promise and of public approbation. Into the road down to licentiousness, and vice, and crime, and infamy, and death, roll the rocks of law, hedge it with the brambles of public opinion, the briars of public condemnation, and then place the citizen at the two ways, and say to him "Take your choice."

Section 4,039 of the Iowa Statutes reads:

"If any person inoculate himself or any other person or suffer himself to be inoculated with smallpox within this State with intent to cause the prevalence or spread, etc., he shall be imprisoned and fined."

The State does not say people shall not catch the smallpox, but the State will make it as difficult to catch it as possible. The love, care and kindness shown to the patients sick with contageous diseases is moral suasion; the red flag out in front of the house, the strong hand of quarantine, is prohibition. This prohibition is of the State. If this system is sensible with other diseases, the same system should be appealed to this wide-spread disease of intemperance.

The Right of Quarantine.

Twenty-one thousand three hundred and eighty-four people in this country died from yellow fever in ten years. Does any man say it was wrong to quarantine Memphis, though it destroyed merchandise, though it destroyed business, though it wrecked the whole city? No; it was right! The disease of alcoholism, during the same time, killed more than 650,000 American citizens. And yet the drunkard-makers object to quarantine! Alcoholism has killed 650,000, and there are men in this country with these facts before them, who have been so mistaken that they have voted to license a man to take the seeds of this terrible disease in his hands and sow them among the boys and girls of this country. Yellow fever has ruined less men, less women and children than alcoholism has. The one is prohibited, the other licensed.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or foul taste in mouth, sharp pains, burning sensation in stomach, gnawing pain in throat after eating, stomach gases or burning food rising, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, and need Dr. Pierce's Golden Medical Discovery. It is made of the most valuable medicinal properties known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. Jno. M. Scudder, M. D., Author of Specific Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authors and many others endorsing, in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

Don't Be Blue

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine, for these troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

S. S. S. PURELY VEGETABLE

S. S. S. is the only blood remedy which does not only as the best of all blood purifiers, but the one medicine that can be taken with safety at all times. Young or old, those in robust health, or those whose systems are debilitated and run down, may use it with the same good results, and confidently without fear of any unpleasant or injurious after effects. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic Dyspepsia, unfavorably affecting the bowels, and in fact deranging the system otherwise, that even if the original disease had been removed from the system it is left in such a weakened and deranged condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral ingredient of some kind. It is made entirely of the healing, cleansing extracts and juices of roots, herbs and barks gathered directly from the forests and fields of nature, under our own supervision, and when they reach our laboratory contain all their original valuable tonic and blood purifying properties. We offer a reward of $1,000 for proof that S. S. S. contains a particle of mineral in any form. Being made entirely from these vegetable ingredients S. S. S. is absolutely harmless to the system, and while curing disease adds health and strength to every part of the body. S. S. S. cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and all other blood troubles by removing the cause and supplying the circulation with health-giving and strength-producing qualities.

GEORGIA LEGISLATURE.

Governor Signed Prohibition Bill On Tuesday at 10 O'clock a. m.

Atlanta, Aug. 7.—At 10 o'clock on Tuesday, Governor Smith signed the prohibition bill as passed by the Georgia legislature and the measure now becomes a law upon the statute books of Georgia.

The request came to the governor from a number of ardent prohibitionists that he would fix a particular hour at which he would sign the bill, as they wished to be present at the time, and, in accordance with this request, he named the hour stated.

Scholars and soldiers absorbed the entire time of the general assembly Monday, when the first double session of the year was held. The general tax act considered for a section, that was afterwards passed over without adoption, and a third of the second section, amendmended and adopted, as far as read.

The morning session Monday was consumed with the discussion as to whether the special tax for educational purposes should be raised from one and seventy-one hundredths mills to and eighty one hundredth mills. This was finally agreed to. The afternoon was mainly devoted to the question whether the Confederate veterans should be exempted from special license taxation.

As soon as the work had seemingly been completed in the morning, Mr. Candler of DeKalb gave notice that he would ask for a reconsideration on the section acted upon, and would offer a substitute which would give to the governor and comptroller general the right to fix the tax rate to cover all appropriations, not to exceed the constitutional limitation of ten mills.

In the afternoon those special taxes for professional and trade services were taken up, and in nearly every instance every one would send up an amendment to the paragraph under consideration, "exempting all confederate veterans from this specific tax."

Tuesday morning Senator Dean introduced a bill in the senate which, if passed into law, will make it unlawful to sell or give away cocaine, opium or any cocaine, opium, morphine, heroin, chloral hydrate, etc., except on a physician's prescription.

This is a companion measure of one introduced by Mr. Whitley of Douglas, and is aimed at the habitual use of narcotics.

The Wright anti-lobbying bill was made the special order for Wednesday, and 100 copies of the bill were ordered to be printed.

Death of Miss M. M. Gay.

Miss M. M. Gay, daughter of Mr. and Mrs. J. J. and M. J. Gay, died at their home in Hawthorn, Fla., August 6, 1907, at the age of twenty, in the full bloom of life, with prospects bright for a long and pleasant life with her many young and devoted friends. She was a member of the Free Baptist church at Hawthorn, and a bright Christian. She is the only child that has been taken from a large family of ten brothers and sisters.

It matters little at what hour of day the lightning falls asleep. Death can and does come.

So life untimely who is fit to die.

The loss of the cold world, the more of heaven.

The better life, the earlier immortality.

The deceased was interred in the Hawthorn cemetery, amidst one of the largest gatherings of relatives and grieving friends known, all of whose heartfelt sympathy and prayers are extended to the father, mother, brothers and sisters. May God comfort and console them in their great bereavement in the prayer of him who officiated.

(REV.) G. W. RILES.

Hawthorn, August 7, 1907.

Thimble Cost Him $75,000.

Berlin, Aug. 7.—Stories regarding the extravagance of the king of Siam, so far as the purchase of jewelry is concerned, continue to crop out. Among his recent purchases, it is said, is a gold thimble, covered with diamonds and other gems, which is valued at $75,000. In his palace at Bankok, the king has an enormous store of jewels. The apartments of the first and second queens are said to contain large collections while the walls of his own apartments are also covered with gems.

Haywood Back at Desk.

Denver, Colo., Aug. 7.—W. D. Haywood, secretary-treasurer of the Western Federation of Miners, was at his desk in the rooms of the federation Monday. A constant stream of visitors passed through the room, offering greetings and their congratulations on his acquittal at Boise. Mr. Haywood expressed his pleasure at his reception in this city on his arrival, and spoke enthusiastically on the demonstration at Colorado Springs, and other points along the road.

Regarded as a Canard.

Superior, Wis., Aug. 7.—Officers of the Canadian passenger boat Huronic, which arrived in port Monday night, from Port Arthur, say the republican "invasion" of the Isle Royale by Captain Young, of Port Arthur, is nothing more than a canard. Purser James Bowan said he believed the foundation of the report was a lark of some young Canadian enthusiasts who went over to the Isles in a new launch flying the Union Jack.

Too Strenuous for Him.

Stanford, Conn., Aug. 7.—Sam Fessenden, for more than 30 years a controlling factor in Connecticut politics, has announced his retirement from active political life. The strain of political campaigning, he says, he finds too strenuous for his health. Fessenden came into national prominence in 1884, when he ran the Blaine campaign.

Tarkington, Novelist, Returns.

New York, Aug. 7.—Booth Tarkington, the Indiana novelist and playwright, has arrived in this city after a stay in Europe of two years. He was accompanied by Mrs. Tarkington, his 17-year-old daughter, Louise and Harry Wilson, who has collaborated with Mr. Tarkington in "The Man from Home." Mr. Tarkington said that he had come home to see the play as produced.

Krumbolz proprietor of a Turkish bath house and barber shop at 19 Decatur street, opposite the Kimball house, Monday night shot and killed his wife, Rosa Lee Krumbolz, at their home, 8 Sand River street, shortly before midnight. CRIME WAVE SPREADS

Despite Vigilance of the Police of New York.

MORE ATTACKS REPORTED

Officers of the Law Have Been Doing Double Duty in the Effort to Suppress the Remarkable Outbreak of Crime.

New York, Aug. 7.—An attempt to assault a lone woman early Tuesday on a West Side street, adds another case to the already long list of attacks on women and children in the streets of New York city.

Despite the vigilance of police who have been doing double duty to prevent a further spread of the crime wave, the attack would have been successful had it not been for the desperate struggle of Adelaide Wilderer, a trained nurse, who fought her assailant with a hatpin and finally routed him.

Miss Wilderer's screams brought the police who pursued the man to Central park, where he was brought to bay with a fusillade of bullets from the revolvers of the officers. The man said he was Pietro Daurio, an Italian peddlar.

Miss Wilderer was walking home after attending a patient. Near Manhattan avenue and One Hundred and Sixth street, an Italian accosted her. When she repulsed him the Italian knocked her down with his fist and clutched her throat with his hand, dragging her to the door of an apartment house. Miss Wilderer managed to draw a hatpin from her hat and jabbing her assailant, caused him to loosen his hold on her throat. Miss Wilderer screamed for help, and the Italian fled.

Policemen heard her cries and gave chase. The Italian ran to Central park, and the policemen fired a volley of shots after the fleeing man, who leaped the park wall and hid under a clump of bushes. He was dragged out by the police and later identified by Miss Wilderer, who, despite the fact that she had been half strangled and badly beaten about the face, had given chase to her assailant with the police.

Daurio declared that he was innocent.

BILLIARDS IN CHURCH.

Unique View Taken by a Pennsylvania Pastor.

Pittsburg, Aug. 7.—"I would just as soon hear the click of billiard balls in a church as the reading of the Bible, providing it won a man to the cause of Christianity," declared the Rev. Dr. Maurice P. Finles, pastor of the First Baptist church, of Franklin, Pa., Monday night. His church has the wealthies in the oil region of the state and has one of the largest congregations in Venango county.

Dr. Finles, who has just returned from a trip around the world, was speaking of his visit to a church that has club features for men and women. "The church that would win men these days must be up and doing," continued Dr. Finles, "and while I cannot hold that it must offer them all the pleasures the world does, it must give them those which do not counter to Christianity. I know the idea of a billiard room on church property will shock some deacons, but it must come to it, or their church will lose its position."

Attempt to Wreck Train.

Akron, O., Aug. 7.—An attempt was made Monday night to wreck the Pittsburg Flyer, No. 23, on the Erie road. Between this place and Barberton, a trunk of a tree was chained to the track and chained to the rails. Section men discovered the obstruction and sent in an alarm.

Cat's Bite Caused Rabies.

Dallas, Tex., Aug. 7.—After suffering terrible agonies for three days, Ralph Morgan, the 5-year-old daughter of W. R. Morgan, is dead from hydrophobia. The child was bitten by a cat on the toe by a cat.

Death of Miss M. M. Gay.

Miss M. M. Gay, daughter of Mr. and Mrs. J. J. and M. J. Gay, died at her home in Hawthorn, Fla., August 3, 1907, at the age of twenty, in the full bloom of life, with prospects bright for a long and pleasant life with her many young and devoted friends. She was a member of the First Baptist church at Hawthorn, and a bright Christian. She is the only one that has been taken from a large family of ten brothers and sisters.

It matters little at what hour of day
The righteous falls asleep. Death cannot come
To him untimely who is fit to die.
The less of the cold world, the more of heaven.
The briefer life, the earlier immortality.

The deceased was interred in the Hawthorn cemetery, amidst one of the largest gatherings of relatives and sorrowing friends known, all of whose heartfelt sympathy and prayers are extended to the father, mother, brothers and sisters. May God comfort and console them in their great bereavement is the prayer of him who officiated.

SIGNS PROHI BILL

Gov. Smith Attaches Signature to the Document.

IT NOW BECOMES A LAW

Last Stage of Long and Exciting Contest Has Reached Its Conclusion. State Prohibition Will be Effective January 1, 1908.

Atlanta, August 7—The prohibition bill has become a law.

Governor Hoke Smith, Tuesday morning, in the presence of a large and interesting throng, affixed his signature to the measure, which will place it upon the statute books as a law of the state.

Governor Smith had announced that he would sign the bill in public and the reception room was crowded at 10:30 o'clock, the hour appointed.

The bill that was signed by the governor is known as the Hardwick-Covington—Neel bill, and makes prohibition effective January 1, 1908.

LAST ROAD YIELDS.

Louisville and Nashville Will Obey Cheap Rate Law.

Raleigh, N. C., Aug. 7.—Governor Glenn Monday received a telegram from the authorities of the Louisville and Nashville road saying that they would put the state 2½ cent rate into effect on the 6th of August.

This is the last road to surrender to the state laws, and on the 6th of August all the roads in North Carolina above 60 miles long will be under the state rate. The L. and N. has only 13 miles of trackage in North Carolina, extending from the Georgia line to Murphy, in Cherokee county, but the North Carolina corporation commission rules that it is controlled by the Atlantic Coast Line and does not come in the class of independently owned and operated railroads under sixty miles, which are exempted from the 2½-cent rate.

LIGHTNING CAUSES DAMAGE.

Struck the Old Reese Home Near Arredondo, Demolishing Plate.

J. G. Beville of Arredondo was trading in the city Tuesday.

Mr. Beville states that the farmers of his section have been visited by an abundance of rain recently, and that the soil is now sufficiently saturated for all agricultural purposes, and if the rains continue the conditions may prove detrimental to the crops. He states that there was a severe storm there Sunday afternoon, during which the lightning struck the old house known as the Reese home, almost demolishing it. Fortunately there was no one living in the place at the time.

Death of a Good Man.

Newtown, Aug. 7, 1907.

A LOVING FRIEND.

HOLLOWAY WILL BE IN RACE TO STAY

His Politics Will Be Clean, But He Proposes to Go in to Win.

DON'T BELIEVE IN DIRTINESS

Declares He Will Not Tolerate a Campaign of That Kind, and Will Keep His Hands Out of Everything Not Tending to be Clean.

There has been so much said regarding the possible candidacy of State Superintendent of Public Instruction Holloway and those who might oppose him in the coming campaign that the representative of The Sun called upon Mr. Holloway, who is here for the purpose of conducting the examination of the teachers of the Summer Normal, and asked him regarding the matter.

The interview was frank and to the point. The representative at once made known his mission, and requested the State Superintendent to be frank in his replies.

"Mr. Holloway, will you be a candidate to succeed yourself for the position of State Superintendent of Public Instruction?" he was asked.

"I shall be a candidate," he replied. "I have given the people a good, fair, clean administration of their school affairs; besides, it is the unbroken principle of the Democratic party in this State to give a cabinet official a second term."

"Are you in a position at this time to announce a platform?"

"I am not ready to particularise, but I shall ask the suffrage of the people upon the grounds of a successful administration."

"In the event that you should have opposition, do you anticipate an opprobrious campaign?"

"I do not. Under no circumstances shall I indulge in abuse or vituperation; nor shall I suffer myself to be drawn into a campaign of this character."

Prof. Holloway has made an excellent State Superintendent, and his record will accomplish for him a great deal should he have opposition in the next campaign.

DEATH OF FINE LADY.

Mrs. M. A. Trowbridge of Waldo Died Suddenly in Arcadia.

Mrs. M. A. Trowbridge of Waldo, one of the leading ladies of that town, and one of the most beloved, died suddenly at the home of her son, Claude Trowbridge, in Arcadia, Saturday.

Deceased was about fifty years of age. She was a faithful Christian, a member of the Methodist church, and a Rathbone Sister. She was possessed of a noble Christian disposition, and had many friends in the section in which she lived.

Deceased is survived by four sons, Earle, Lee, Claude and Lawrence, and two daughters, Mrs. E. C. Johnson and Miss Florence Trowbridge, to whom the sympathy of friends is extended.

The remains were brought to Waldo, where the interment was held on Monday, Rev. F. M. C. Eades officiating.

The Sun and other friends deeply sympathize with the bereaved relatives in their hour of trouble.

McKinstrys Are Coming.

A letter received by The Sun from Dr. J. F. McKinstry, Jr., who, with his good wife, has been sojourning at Mount Washington, N. H., for the past few weeks, bears information that the Doctor is greatly improved, and that he expects to return home a "new man" in a few days.

Dr. McKinstry's health has been bad for some time, and friends will be delighted to learn that he is so much better. They trust that he will return feeling like resuming his duties with a vigor, and from what he writes this will no doubt be the case.

Don't Be Blue

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine, for these troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

My Hair is Scraggly

Do you like it? Then why be contented with it? Have to be? Oh, no! Just put on Ayer's Hair Vigor and have long, thick hair; soft, even hair. But first of all, stop your hair from coming out. Save what you have. Ayer's Hair Vigor will not disappoint you. It feeds the hair-bulbs; makes weak hair strong.

THE JONESVILLE MEETING.

The General Public Invited to Join With Jonesville.

Jonesville, Aug. 4.—The Divine again clamors for recognition in Jonesville and the proper spirit again seeks and finds, hoping to retain, a residence with us, and with the help of each Christian worker we hope to awake the slumbering and lift up the fallen, only to show them again the way that leadeth unto life everlasting.

This way seems dark and dreary to most of us, for we may have not traveled it since we uttered our last little prayer from mother's knees. Although the way seems dark, if we falter not we will not be misled, but with a re-enforced supply of determination we will lead, and be led, that path which has no fork, but at its end a paradise of light and love.

We need you, and if you will come and help us to be entertained by Him who gave His life for us our rewards will be greater and when we meet our Saviour face to face, there will be no strangers there.

The principal supporters of our church have moved away, and thus we ask your aid, for we find that if something is not done Jonesville will not only sleep "naps" but she will go to sleep to wake nevermore.

This revival and reunion is for one and all, and especially the members who apparently have deserted home and God. We look for an encouraging little congregation from Gainesville, Alachua and Newberry, and should we be disappointed it would be serious; for friends, it partially means a re-enforcement of a greater strength in holding up our church, while, on the other hand, souls.

This grand revival will open the fourth Sunday morning in August at 11 o'clock, and will continue as long as attendance, interest and work remains. We wish to clasp the hand of every interested reader of this announcement and welcome him or her to our fold the fourth Sunday in August. Come.

W. H. PICKETT.

STARKE VS. GAINESVILLE.

Oak Halls Went to Bradford County town, Where They Played Tuesday.

The Oak Hall baseball team went yesterday to Starke, where Tuesday afternoon they met the Starke boys suffering another waterloo, the score being 4 to 1 in favor of the Starke team.

The Bradford county town seems to be a Jonah for the Oak Halls, as this is the second consecutive game which the Gainesville boys have had to steal from them. However, there is a consolation in the fact that Starke has about the warmest proposition in the nature of an amateur team in the State, and they have defeated about everything which has come their way this season.

Those who went from Gainesville were Bulloch, Sheats, Kennard, Frank and Ed Clark, McCreary, LeRoy and Earle Taylor, Allen and Sandie Garham, and Stanley.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by W. M. Johnson.

NO MORE TRESPASSING.

This is the Order of the Trustees of Gainesville School District

The trustees of the [illegible] school district [illegible] of the many complaints which have been made to them [illegible] has [illegible] as the board [illegible] and the grounds have been posted to the effect that no trespassing of any kind will be permitted.

The public has been accustomed to driving over the grounds and treating the lawns with indifference with the result that they have been unmercifully trampled. This not only has a tendency to discourage those who have charge of the grounds, but also discourages those who have voluntarily taken an interest in them.

The action of the trustees will be received with much favor by patrons of the school, as well as by everyone who understands the situation and desires to keep the grounds free and clear of horsemen and others.

THE COUNTY COMMISSIONERS

Meeting Was Held Monday to Hear Complaints in Equalization.

From Tuesday's Daily Sun.

The Board of County Commissioners met a day earlier this month, the cause having been to hear complaints of property owners on the equalization of taxes.

There were quite a number before the board, and in almost every instance the complaints were satisfactorily adjusted.

In the afternoon the members of the board went on a tour of inspection of the new road work being done on the Gainesville-Prairie Creek road. A thorough inspection was made of the work, and every one seemed satisfied at the progress being made and the quality of the work.

The board will go into regular session today.

DELINQUENT TAX SALES.

Many Valuable Pieces of Property Changed Hands on Delinquent List.

From Tuesday's Daily Sun.

Monday was legal sales day for delinquent taxes, and Tax Collector Dickinson was busy during the day disposing of the property. There were many valuable pieces and tracts in various sections of the county bought in for the taxes, which will in time prove of great profit to the purchasers if the same are not redeemed.

The sale attracted a large number of country people to the city, and all day there was a large crowd in the court house corridors, where the sale was conducted. The sale will be continued through possibly today and tomorrow.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A letter received in this city bears information that Mrs. W. P. Garrett, Mrs. O. B. Thomas, Mrs. M. R. Thomas and Mrs. C. F. Goodman, who left a few days ago for Waynesville, N. C., have arrived safely at their destination, and are all well.

This will be gratifying information to friends of the ladies, and it is hoped that they will enjoy their stay in the beautiful and healthful mountain regions of the "Old North" State.

SOME INTERESTING FACTS

Regarding the School Teachers Employed in Alachua County Schools.

If there is an efficient superintendent of schools in Florida, that official is Dr. J. L. Kelley. Dr. Kelley takes a great deal of pride in his work and his schools, and it is known and recognized all over the State that he will select none but the most competent in the profession of teaching. The result is that Alachua county takes first rank in education, and it may be said with credit to this efficient official that a certificate from this county is recognized as the best recommendation which a teacher can hold.

Dr. Kelley is not only particular in the selection of his teachers, but his office affairs are conducted on a system which could not help but be appreciated by a thorough business man. Every detail is properly recorded, with the result that the genial editor can tell you "where he is at" by simply opening up his book and referring to a page.

Dr. Kelley, in speaking of the teachers and things generally in relation to education, gave the reporter some interesting information.

In referring to the teachers, he says that the average age of the white males employed in the profession is thirty years, while the females run an average are twenty-four. The colored males will average thirty-four, while thirty.

The average experience of teachers employed in the county is fifty-one months.

Those were employed in the schools of Alachua county last year as teachers, 103 white and forty-colored.

During the past year there were enrolled in the schools of the county 3,158 white and 3,171 colored pupils, a total of 6,329.

BOY AND GIRL CURED OF SORES

Which Broke out on Face and Body — Medical Treatment Did Them No Good — Mother Cured Both Her Little Ones and Now They

WHOLE FAMILY JOINS IN PRAISE OF CUTICURA

"My son's trouble was running sores which first appeared on his face and then broke out all over his body. I had tried doctor after doctor for three months but none helped him. Then I was advised to try Cuticura. My druggist said that he could give me a salve that would help him, but I demanded Cuticura Ointment and after using it for a while I was surprised to see an improvement. I treated the sores with Cuticura Ointment on soft bandages after washing with warm water and Cuticura Soap, and gave him the Cuticura Pills. In two weeks he was almost cured, and after the steady use of Cuticura Remedies for two or three months I can now say that I have one of the finest boys in town, and I tell all my neighbors that he owes his health to Cuticura. Later my little daughter was all covered with sores on her face and body. I didn't waste much time or money with doctors, as I had done when my boy was sick, but used the Cuticura Remedies on her, and now my little girl is entirely cured. I send you her photograph to show how she looks after we used Cuticura. I know of several other cures which Cuticura Remedies have effected, including that of our domestic, Miss S——, whose face was covered with mosquito bites which she scratched until they became a mass of sores and which she cured in no time with Cuticura Ointment. Our whole family joins in sending their thanks and praise for all that Cuticura Remedies have done for us. Mrs. Rose Floss, 1206 W. Rifle Team from Guards Leave for State Range Today.

From Sunday's Daily Sun.

The team from Company H, Second Infantry, Florida State Troops, in other words known as the Gainesville Guards, expect to make their departure today for St. Augustine and the State rifle range, where they will compete with other companies for the next few days in marksmanship.

The team will comprise Captain J. W. Blanding, Lieutenant Shields Warren, Lieutenant Will Wheeler, Corporal W. J. Holly, Corporal L. Parrish, and Privates Hester and Babers.

This team will leave for the range with the determination to make a good record in the State shoot, which means that the boys will stand a good chance for the international shoot, which will be held in September. The Guards have always carried a good team, which showed up well in marksmanship, and there is no doubt that this year they will succeed, as the company has selected those among its best men.

In the Mayor's Court.

SUPT. HOLLOWAY HERE.

Came to Conduct Examinations—Pays Florida and Her People Compliment.

From Wednesday's Daily Sun.

Prof. W. M. Holloway, State Superintendent of Public Instruction, arrived in the city Monday night from Tallahassee and is a guest of the Brown House.

Supt. Holloway came for the purpose of inspecting the work being done by the Gainesville Teachers' Summer Training School, and to conduct the examination of applicants for teachers State, primary, and special certificates.

Prof. Holloway has just returned from a trip to the Pacific Coast and the Great Northwest. He enjoyed every moment of his trip, and was greatly pleased with the country he saw, but he says the more he sees of other sections of the country, the more fully convinced he becomes of the fact that the people of Florida are not lagging behind the people of other sections in the matter of thrift, enterprise and intelligence. He says the scholastic year which has just ended was the most successful of any year in the history of public education in this State.

The friends of education in all sections of the State are congratulating him upon the excellent condition of educational affairs.

THE TAYLOR HOME.

Ground Will Be Broken Today for Erection of a Fine Residence.

Ground will be broken today for the laying of the foundation of the new home of W. B. Taylor, which will be located on West Liberty street, near Arredondo.

The dimensions of this home have not been learned, but it goes without saying that it will be of sufficient accommodation, modern in every respect, and a credit to the owner and the city.

The foundation will be of brick, the framework of wood. It was originally intended to construct the building of stone, but Mr. Taylor, realizing that a much more handsome effect could be secured from an architectural standpoint, decided to use wood.

It will require about four months to complete this work, which will be a handsome acquisition to that section of the city.

THE NEW HILL BUILDING.

Material Now Being Delivered, and Work Will Begin in Few Days.

The brick and other material is being placed on the grounds for the new Hill building, corner East Main and East Liberty streets, and work will begin in a day or two.

This building will be, when completed, one of the most modern in the State. It will be used, it is understood, for a department store, and will have a complete front of plate glass on both streets.

The brickwork of the front of the building will be of the highest order of pressed brick, and the finishing throughout will be in proportion. While nothing authentic has been learned, it is stated that the contract price is $20,000, which should provide for an excellent place.

NORTH GAINESVILLE LIGHTS.

Citizens of That Section Are Jubilant Over Securing Illumination.

The good people of North Gainesville are jubilant, and they have a right to be, since they have just secured what they have sought for these many years—a system of electric lights.

The North Gainesville people are among the best on earth. They are not only clever, but are progressive as well, and their greatest ambition is to keep up with the rest of the world. This ambition has been gratified, even if the lights were a little slow in coming.

The Council Meeting.

The regular monthly meeting of the city council was held on Monday evening, a full board being present.

The regular order, including the payment of a large number of bills, was disposed of, and the proceedings will be published as soon as they can be secured from the official minute-book.

The tax levy in St. Petersburg for 1907 is only 16 mills on the dollar, yet the town is improving as rapidly as any in the State.

The railroad attorneys in North Carolina now declare they were forced to submit to the ultimatum of Governor Glenn. If we only had a President with the same amount of backbone in fighting corporations instead of compromising with them the people would soon get reasonable rates.

No human is a greater curse than the open-eared dupe who slips around the home and then whispers the story from house to house as though he has just one bosom friend in all the world. Talmage declared that when St. Paul made his list of the world's villains he put the whisperer at the head center.

The Sun has not heard of any unruly Confederate veterans doubting their allegiance to the Old Soldiers' Home. Come, gentlemen, are you going to allow the noble Daughters of the Confederacy to be compelled to support this worthy institution, when you could so easily take this burden off their shoulders?

Every "blind tiger" run to cover and will strengthens the prohibition cause, hence it behooves prohibitionists to exercise every effort to assist those engaged in illicit sale of intoxicating liquors. The last legislature did its duty in enacting stringent laws against the sale of liquors in dry counties, and it is the duty of all law-abiding citizens to assist the officers in bringing to the bar of justice those who defy the law.

Because it is rumored that Prof. Shands will oppose Superintendent Holloway for re-election, some editors are predicting another campaign of vituperation and mud slinging between these two candidates. The Sun does not believe that such will be the case, and we warn them that the people will not tolerate a repetition of the campaign between them in 1904. The day it is inaugurated on that day will both these candidates be doomed to defeat by some worthy man who does not stoop to vilification and abuse in order to secure political preferment.

C. L. Thigpin, who was so severely injured several months ago by being thrown from one of the road teams that his foot had to be amputated, was in town yesterday. His friends will regret to learn that the injured member still gives him a great deal of pain, so much so that he fears he will never be able to use an artificial foot. Mr. Thigpin has served the county faithfully for many years as road overseer, and inasmuch as he was injured while performing his duty as road overseer, it is nothing more than just that the county should provide liberally for his future permanent support. Had he been injured while in the employ of a railroad or other corporation there would have been no doubt about his being liberally provided for, and the great county of Alachua should not be more niggardly in providing for him than would be expected of a "soulless" corporation.

WE TOLD YOU SO.

It has been reiterated in these columns for the past year or two that no tariff revision is possible by the Republican majority in the next Congress. The trusts and monopolists have too firm a hold on the Republican leaders. This is now confirmed from Oyster Bay by Senator Hopkins, after a consultation with President Roosevelt, which was participated in by H. H. Miles, representing the Wisconsin Tariff Revision League. Senator Hopkins, on leaving Oyster Bay, said: "The conclusion reached was that no tariff revision be undertaken until after the next Presidential election. It would be suicidal to the Republican party," the Senator added, "to undertake a revision of the tariff during the next Congress. After the Presidential election I believe it will be the duty of the Republican party to revise the tariff and that it will be done."

After! after! always after, or later, or next year, but never now. The last Republican national platform declared: "We insist upon the maintenance of the principle of protection," and the next platform will contain a similar declaration, or the Republican leaders would find themselves without their usual contributions for their campaign funds from the protected trusts and monopolists.

Will those Republicans who feel that trust high prices are plundering them be satisfied with the standpatters' program? From experience they know that with two or three exceptions every Republican representative in Congress will fall back upon the Republican platform, which "insists upon the maintenance of the principle of protection"—that is, the protection of the trusts, and vote against tariff revision.

What does the conclusion reached by the President and Senator Hopkins mean; that: "It would be suicidal to the Republican party to undertake a revision of the tariff during the next Congress?" It must be one of three things, either the Republicans cannot get along in 1908 without the usual campaign contributions from the protected trusts, or that the present trust prosperity would be dissatisfied by reducing some of the protection the trusts now enjoy; or to revise the tariff would cause a split in the Republican ranks. If Republican prosperity is dependent upon protecting the trusts in making enormous profits, those who are paying trust high prices and are not too partisan to help their own pockets, must come to the conclusion that the Republican leaders are in league with the trusts to plunder them.

THE UNWRITTEN LAW.

Referring to the enticing of a young girl from her home for immoral purposes by one Shackleford, The Ocala Star says:

"There is strong feeling, and it is strongest among the quiet men who are saying least, that if the next man, one of whose female relatives is the victim of a seducer, will promptly fill the offender full of lead, he will have little trouble in getting either bond or a jury that will acquit him. There are foolish women in Ocala, as everywhere else in the world, and there are some men who are on the lookout to take advantage of their weakness, and contemptible enough to boast of success. The accession of one of these men to the population of Hades would be the most effectual guarantee of the good behavior of the others."

To pump seducers full of lead, is the best way to deal with them. They are on the same plane with the human brute who commits an outrage upon one of our fair daughters, and should be dealt with in the same manner.

The Sun is in receipt of the fourth number of The State Normal Bulletin, which is the catalogue number of the Western Kentucky State Normal School, Bowling Green, Ky. This is one of two similar schools established by the Kentucky Legislature last April, the act passing the Senate and House by unanimous vote. Col. J. M. Guilliams is a member of the faculty, and this number of The Bulletin contains a magnificent likeness of him in his old E. F. S. uniform. The Bulletin contains many illustrations of scenery around Bowling Green and much reading matter of value to teachers, not the least of which are the "Pointed Paragraphs" by Col. Guilliams.

NEWS OF CITY AND COUNTY CONDENSED

R. H. Arnold and wife have gone to Indian Springs, Ga., where they will recuperate for the next few weeks. They desired to keep posted on the happenings in this section, hence directed that The Sun be forwarded to them.

L. M. Scarborough, the clever salesman for S. F. Brooks, left yesterday for Atlanta. He was accompanied by his little sister, Lottie. They will spend several weeks with Mr. and Mrs. James Hopkinson on the famous Ruralist farm near that city.

Deputy Sheriff L. E. Story of Windsor has returned to his home, after a visit to the county capital of a couple of days. Mr. Story brought Joseph Green and Sarah Franklin, colored, whom he arrested at Rex recently for living in adultry. They will be held to await the action of the grand jury.

W. H. Hays of Tyler was in the city yesterday. Mr. Hays has been engaged in the mercantile business with his brother in Tyler for some time, but owing to the ill health of his wife has disposed of his interest to the Alachua Trading Company, and expects soon to go with Mrs. Hays to the mountains of West Tennessee for the summer. For the next few days, however, Mr. and Mrs. Hays will be located at Brooker.

Sympathy for Mr. Fletcher.

The information of the burning of the kitchen, with all contents, of D. E. Fletcher, which occurred at Trenton Sunday night, was received here with a great deal of regret, as Mr. Fletcher has many friends in this city.

The information came through the correspondent of The Sun, who states that everything was lost in the kitchen, and it was only with the vigorous efforts of Mr. and Mrs. Fletcher that the home was saved.

Deceased had no relatives in this section of the country, hence was buried in Jacksonville Wednesday afternoon. His numerous friends here will regret exceedingly to learn of his death.

"JUST FROM GEORGIA"

F. L. S. in Atlanta Constitution

Nuggets from Georgia.

Some people never stop to think that heaven is in the heart of a little child.

There is no road so rough but that the light of friendship may be a star in the night of it.

Even if happiness be a dream we should at least thank God that here on earth we have the sweetest dreams sometimes.

The Billville Banner.

There is mighty little happiness in this world. And the prospect of the next looks blazing to some of us.

There are some folks who can't understand that the Civil war is over. They are still peddling brass buttons and old muskets.

The prospect is now so dry in Georgia that a man won't be able to wet his whistle to pipe a jig tune.

Beyond Him.

"What do you think of the financial question, major?"

"It's ahead of me. The fellow who borrowed my last dollar left town last night."

Says The Whitsett Courier: "A new paper has been started in town. This gives another man a fine chance to fail in business."

The Growlers.

Some folks, when it's rainin'
Have grounds for complainin'
An' come when the weather is dry,
Keep growlin' together
An' wish for wet weather
An' frown at the world an' the sky.

No matter what's sent us,
It's hard to content us—
We growl from the east to the west,
And if six men or seven
Should get into heaven
They'd say they had too much of rest!

It is time to quit going the sorrowful way and to meet the morning on the hills of joy.

Wherever you locate Wisdom it's a good idea for you to take up your residence there, but Wisdom doesn't tarry long in any settlement.

Goodbye!

Goodby, Mister Trouble,
Or if you comin' on,
Take holiday
Along the way
Or wait till light is gone!

A "So-So Fellow."

It mattered not the weather—
Though storms had ceased to blow,
If you asked him: "How you're feelin'?"
It was
"Jest
So,
So!"

If the fields were piled with plenty
An' the world seemed free from woe,
If you asked him, "What's the prospect?"
It was
"Jest
So,
So!"

An' when he passed to glory
From this sad world below,
An' they asked him: "How's the weather there?"
Word came:
"It's jest
So, so!"

What Bothered Him.

"No use to grieve over spilled milk, Br'er Williams."

"I knows dey ain't," replied Br'er Williams, "but somebody done stole my cow!"

One of the poets sings that he "wants the wisdom of the ancients," but he would get along better if he had the cunning of the moderns.

"You must make hay while the sun shines, but many people don't like to run the risk of sunstroke. And you can't make hay with an umbrella in one hand and a silk handkerchief in the other," says a Georgia philosopher.

RAMON'S NERVE & BONE OIL

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a strong as well as savage thing to beat a woman or starve her because he laggard in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, [illegible] or "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINA OF KNOWN COMPOSITION.

He Lost Out.

"Yes, sir, he wuz afraid o' the banks bustin' on him, an' so he buried his money."

"Has he got it yet?"

"No; he forgot to blaze the tree whar it wuz, an' the man who owned the land put up a sign: "No trespassing on these grounds."

Cheapest Rate on Record.

A Billville poet writes: "I send you seven poems of six stanzas each. I have received as high as one dollar for one poem, but if you don't care to pay that much, just send me a dollar for the whole business and we'll call it square."

Living in the stars comes mighty high, and just think of the distance one has to tumble in order to get back to this golrious old world.

MELROSE NOTES.

Interesting Batch of Personals and Other Notes.

Melrose, Aug. 7.—H. Lee, E. E. Weeks and friends enjoyed a fine camp on lake Geneva, having caught two or three hundred bream, and captured three or four nice alligators, one measuring eleven feet four inches and the others not measuring so large.

Miss Belle McMillian of Orange Heights is spending a few days with friends in Melrose.

T. C. McCracken of Orange Heights, formerly of Mount Airy, Ga., has been here for the past week and is likely to make this his headquarters.

E. E. Weeks of Jacksonville is visiting friends here.

The young of Melrose enjoyed an elegant pilau given by C. W. Loudermilk, T. C. McCracken, H. Lee and E. E. Weeks. They reported a very enjoyable time—nevertheless would have been more complete providing all the crowd had remained until soda water and nick nacks had been served.

The Melrose Institute will open Monday, August 5th. Good school expected as usual.

Death at Hawthorn.

One of the saddest deaths at Hawthorn for some time was that of Miss Gay, the devoted daughter of Mr. and Mrs. J. J. Gay, which occurred on Saturday.

Deceased was just budding into womanhood, being only eighteen years of age. She was a young woman loved by all for her sweet Christian disposition, and she will be greatly missed by the Baptist church, of which she was a member.

The funeral was held on Sunday, and was largely attended, many friends congregating as a last mark of love and esteem for the deceased.

JONESVILLE NEWS.

Young Folks of Neighborhood Enjoy Entertainment—Personal Notes.

Miss Lizzie Hamilton visited relatives in Newberry for a few days last week.

Jim Knight of Forest Grove is visiting friends and relatives here.

Miss Durst of Gainesville is visiting Miss Clem Pickett.

J. A. Jones visited friends at Alachua a few days last week.

On last Wednesday night the friends of Misses Estella and Irene Miller gave them a party, which was greatly enjoyed. The evening was spent in delightful music and interesting games. At a late hour the guests departed, wishing the hostess many happy returns.

Friday night Miss Clem Pickett entertained in honor of her guest, Miss Durst of Gainesville. The evening was spent in games and music. Ice cream and crackers were served.

Saturday night a party comprised of Misses Lizzie and Cora Hamilton, Estella and Irene Miller, Clem Pickett and Miss Durst, Messrs. W. H. Pickett, John Hamilton, Jim Knight, R. P. Miller, Jr., and John Watson went for a straw ride. They serenaded Mr. and Mrs. C. O. Greene. We were sorry to find Mr. Greene indisposed, and hope he will soon be all right.

Messrs. Holly and St. Clair of Arredondo spent Friday night in our midst, the guests of R. P. Miller.

C. N. Griffin of Jacksonville visited his parents, Mr. and Mrs. J. I. Griffin, last Friday.

Mrs. Morrell of Tioga visited friends at the side camp a few days last week.

ISLAND GROVE ITEMS.

Island Grove, Aug. 6.—Plenty of rain and hot weather. The farmers are trying to save their hay but the showers come so often it is almost impossible to make good hay.

Some of the farmers are sowing seed beds and getting ready for a fall crop.

The Woodmen of the World had a picnic on last Wednesday. Mr. Bittinger from Ocala was introduced and made a fine speech, after which Rev. Thomson, the Baptist preacher at this place, was introduced, and entertained for about forty minutes, having to stop on account of rain. After the rain was over E. A. Dupree gave a short speech, and then the good ladies of Island Grove brought out their baskets and spread a fine dinner, and as far as we can see each one present did their best and then there was an abundance left.

A. S. Lambert has sold his place to W. J. Evans, Jr.

Mrs. Wesley Lambert has returned home from Bay City.

The Island Grove school will open on the 12th of this month with Mr. Hart as principal and Miss Bessie McRae assistant.

Willis Evans left Thursday for Newberry to spend a few days with his sister, Mrs. Gilbert, and will go from there to Inverness to visit another sister, Mrs. Carnel'

Mrs. B. T. Cason is visiting her relatives in Georgia.

Miss Carrie Dean and little sister are visiting Miss Zelma Cason for a few weeks.

Miss Gracie Brice returned Sunday from Ocala where she has been visiting friends.

Island Grove Thespin Society is progressing nicely. The members all take an active part and make it very interesting for visitors.

Miss Bessie Baker, one of Island Grove's charming young ladies, and Mr. E. R. Simmons of Sparr will be married on Wednesday evening, August 7th, at the Baptist church. In advance their many friends wish them a long, happy and prosperous life.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

STATE EXAMINATION BEGAN TUESDAY

Being Conducted Under Personal Supervision Supt. Holloway.

MANY ARE IN ATTENDANCE

Examination Said to be One of the Most Difficult Ever Held in the State. But Teachers Are Getting Along Nicely Under Rules.

The teachers' examination for the Summer Normal is now on, and is being conducted in the court house by Prof. W. M. Holloway, State Superintendent of Public Instruction, assisted by Captain Geo. M. Lynch, principal of the Jasper Normal Institute and one of the most widely-known educators in the State, and Prof. P. W. Corr another well-known educator.

There are a large number of teachers from every section of the State taking these examinations, which are said to be the most difficult ever prepared in the history of education in Florida.

The following is the order of the examinations, trigonometry, Latin and geology having been held Tuesday:

Wednesday—Botany, rhetoric and geometry.

Thursday—Physics, psychology, general history.

Friday—English literature.

The Summer Normal, which will close on Friday, has proved most beneficial to those teachers who have attended, and the students are under many obligations for the efficient work of the faculty, of which Dr. J. F. Yocum has been at the head.

FROM THE PAGES OF FLORIDA PAPERS.

The Water Cure.

On Tuesday, by a vote of 543 to 7, Great Tampa becomes a fact. The city of Tampa is acquiring territory it will well known that we have twenty-two miles of water between us.—St. Petersburg Independent.

Winter Tourists Will Be Welcome.

The orange groves never looked finer. There are signs of but few white flies, the trees and the fruit are bright and this winter ought to be a good season for sales of orange grove property at reasonable prices.—Orlando Sentinel.

Oranges in Summer—Sprinkle in Winter.

The Methodists and Baptists in this city have declared war against each other on the subject of baptism. It might not be a bad idea to discuss immersion in the summer time and sprinkling in the winter time.—Ocala Banner.

Frank Does His Own Writing.

The Ocala Star invites Frank Adams to run for Governor on a business platform written by himself. What kind of a platform Frank Adams runs on for Governor or anything else, it will be pretty apt to be written by himself.—Pensacola Journal.

Whew! It Must Have Been Hot.

Anyone who would find fault with the summer weather of South Florida should migrate to a country that has no summer. A gentleman recently returned from Georgia says it seemed to him the temperature was ten degrees higher there than in South Florida.—Wauchula Telegram.

Would Smash All Slates.

If the Hon. John N. C. Stockton should decide to become a candidate for Governor he will break up more than one deal where the cards are now stacked. We know of hundreds of men who voted against him on a former occasion who would loyally stand by him in this.—Jacksonville Floridian.

Tolled Church Bells—Sang Doxology.

Valdosta, Ga., went dry ahead of the State prohibition, having been voted dry in a recent local option election. The saloons closed last Saturday night, and from 11:30 until midnight all the church bells were tolled, while saloonists and others sang the doxology. It is estimated that more than $10,000 worth of liquor was sold in Valdosta on Saturday, buyers coming from miles around to lay in a supply.—Times-Union.

He Should Be Elected.

The Pensacola papers assert positively that Senator Mallory is a candidate for re-election. It is said his health is in better condition than it has been in years and he expects to conduct an active campaign. Other candidates no doubt are awakening to the fact that they will have a hard time to defeat the West Florida statesman.—Miami Metropolis.

Mallory Should Have No Opposition.

Hon. Park Trammell announces he will be a candidate to succeed Senator S. R. Mallory. Is this a case of another good young man gone wrong through an aspiration for political office and honor? What the old man, who knows the ropes and who has not been found wanting in the several years that he has been one of Florida's representatives in the halls of the National Congress, will do to Mr. Trammell will be a plenty.—Miami Metropolis.

BURNED CORPSES.

Fanatical Moors Desecrate Graves at Casa Blanca.

Tangier, Aug. 6.—The latest news received here from Casa Blanca is that a terrible panic reigns there.

All Europeans are leaving the town. The guards have had several skirmishes with the fanatics. The French warships are awaiting reinforcements from Algeria before landing.

Another disaster has arrived here, bringing refugees from Casa Blanca. The refugees were not permitted to leave in peace. In spite of the protests in the harbor of the fanatics, a large body of Moors attacked the Europeans as they were embarking. They appeared, however, to fear reprisals, for they soon desisted, and proceeding to the Christian cemetery, dragged out a number of corpses from the vaults and began to burn them.

A body of troops arrived and opened fire on the Moors. A number of them were killed and the band was dispersed.

One Cause of Assaults.

Lincoln, Neb., Aug. 6.—Suggestive pictures on the walls of southern saloons are the main causes of the fearful assaults made on southern women by negroes, according to Mrs. Nannie Curtis, of St. Louis, who is attending the Epworth assembly in Lincoln. Mrs. Curtis, who is national organizer of the Women's Christian Temperance union, said in a public address at the Epworth assembly: "The saloons have robbed us white women of our loved ones, of our homes and now they have robbed us of our clothes and have asked us to hang up on the walls of saloons to inflame the passions of drunken blacks."

GEORGIA LEGISLATURE.

Many Local Measures Were Passed by House on Saturday.

Atlanta, Aug. 6.—Saturday's session of the house was productive of considerable by the various members asking unanimous consent to have certain bills read a third time and placed on their passage a second time and recommitted and introduced.

With a voting strength which ranged from 92 to 105, the house passed a number of local bills and had a number read for a second time in order to facilitate legislation this week.

Those reports of standing committees announced Saturday were made and a number of these bills read a second time.

Notice was given that on Monday the general tax act, which was reported to the house Friday and read a second time, would be taken up and placed on its passage. This bill, like the appropriation bill, has the right of way over all legislation, and will doubtless consume the entire week or a greater portion of it.

Efforts to have other bills set for special order "by unanimous consent" met with objection by Chairman Wise, of the ways and means committee, who stated that the time before adjournment was too short to allow for special orders.

His objection defeated the request of Mr. Burwell of Hancock, carrying out the express wishes of the railroad committee, that the Hardeman resolution calling for an investigation committee to probe the alleged ownership of the Central of Georgia railroad by the Southern, be set for a special order for Monday immediately following the reading of the house journal of Saturday. The committee on rules was appealed to by special resolution to set this resolution for that time. It is doubted, however, if this is done, so pressing is the time for the general tax act and general appropriation bill to be acted upon. Several other efforts to secure such special orders met with a similar fate.

The report of the committee on constitutional amendments was made to the house, favorably reporting the administration disfranchisement measure, but the effort to have it read a second time, by unanimous consent, was defeated by objection; and so the day ran along with irregular and spasmodic legislation.

To Extend Railroad.

Columbus, Ga., Aug. 6.—The work of constructing the extension of the Chattahoochee Valley railroad northward from West Point, Ga., will begin early next week. The contractors, B. H. Hardaway, of Columbus, and J. W. Wright, Jr., of Union Springs, Ala., are arranging to move laborers to the scene in a day or two. They are to build 10 miles of road, and believe that they can have the extension completed by Christmas. Captain Hardaway is also building a power house for one of the cotton mills on the Chattahoochee river near West Point.

TURKS KILL CHRISTIANS.

Northwest Frontier of Persia Scene of Riot and Bloodshed.

Teheran, Persia, Aug. 6.—The incursions of Turkish troops across the northwest frontier of Persia, which, for some time had been in abeyance have again broken out. A serious raid has occurred near Urumiah, six thousand Turkish troops, with artillery, having crossed the frontier and destroyed the village of Mamaneh.

Seventy-eight persons, of whom sixty were women and children, mostly Christians, were killed.

Subsequently the Turks drove a small force of Persian troops from a nearby camp and installed themselves in it. According to an unofficial report, a large body of Persian cavalry subsequently joined the Turkish invaders and a combined force is said to be threatening the town of Urumiah, 65 miles from Labris.

Urumiah is celebrated as a center of missionary activity and is the seat of the Laske seminary for girls and of Urumiah college.

TWO PERISH IN A WELL.

Father Lost His Life Trying to Save that of His Son.

Birmingham, Ala., Aug. 6—James Garrity and son, living at Refuge, 11 miles from town, were overcome by gases and died in a 60-foot well Saturday.

They were engaged in cleaning the well. The son, who was 17 years of age, went down to load the buckets. After a short while he called to his father and other men who were helping to pull him out, as he felt ill. He got in the bucket, and, after being drawn up a few feet, fell back.

The father went down and tied the boy in the bucket. After he had again been drawn up a few feet, fell back. The men at the top at this time noticed that the father was evidently ill, and another man went down. He found the boy dead and the father expiring.

Both father and son were taken out. Mr. Garrity died in a few minutes after reaching the surface.

Has Fad for Jewelry.

Berlin, Aug. 6.—King Chulalongkorn, of Siam, who has arrived here on his tour of Europe, has had to call in physicians to attend him. He has been indisposed for some days, it is reported, as the result of an acute attack of malaria. The king, who has a fad for jewelry, is credited with having spent $2,500,000 for gems during the course of his European tour. A London firm has sold the king jewels valued at $25,000. In Frankfort the king spent $500,000 for jewelry.

Two Men Killed in Auto Crash.

Middletown, Ky., Aug. 6.—William J. Maxwell, of Wurtsboro, and John S. Fields, of Port Jervis, were killed in an automobile accident at Cuddebackville Saturday. Mrs. J. E. Eglinger, of Port Jervis, was probably fatally and her three children badly hurt. The automobile ran into a ditch while going at a high speed and turned bottom up.
